

TRANS UNITY

TransUnity

Nothing is more powerful than honest stories that align with our own experiences. We share our stories to promote healing and even triumph.

We welcome any person who identifies under the trans umbrella and those who stand in solidarity with trans communities.

**Thursdays at 4:30 p.m. in
the DHD Room at DAP
Health**

TransUnity is a volunteer-run, peer-facilitated, multiracial and multigender support group.

Its members are committed to strengthening solidarity among trans people of all identities.

You are not alone in your journey. Join us at TransUnity, a safe space where you and likeminded people come together to support one another.
